Seesaw

What is Seesaw?

Seesaw is a virtual learning platform.

It is like an online learning book – a place for your child to share their learning with their teacher and with you.

Seesaw is a safe and secure platform which is GDPR compliant.

When logged in, children can only see their own learning and are only able to interact with their teachers. All posts and comments must be approved by a teacher.

Why use Seesaw?

How Seesaw works

Seesaw creates a powerful learning loop between students, teachers, and families

Students show learning

Students use built-in multimodal tools to capture what they know in Seesaw's digital portfolio

Teachers gain insights

Teachers see all stages of student thinking and progress — enabling them to teach better

Families connect

Families gain a window into their student's learning and engage in home-to-school connections

Why use Seesaw?

- Learning at school
- Learning links at home (as needed)
- Online safety – a safe environment to learn how to use the internet
- Develops independence
- Preparation for using technology appropriately
- Develop learning concepts through engagement with technology

How to use Seesaw

- Receive letter with instructions and QR code. The QR code is a password.
